SAP Enterprise Support – Next-Generation Value Maps

SAP Enterprise Support Value Maps – an empowerment and support program, which provides direct access to SAP experts, interactive social collaboration forums, acceleration of learning and prescriptive guidance, designed to help you in adopting intelligent technologies, manage hybrid landscapes and gain agility to focus your resources on innovation. Value maps guide you through the knowledge, skills, and services needed to address your business challenges, enabling your company to lead in the experience economy.

Prescriptive Approach
Structured content enables guidance, simplification, and acceleration of support offerings consumption across the whole lifecycle.

Empowerment
New interactive learning formats and integrated tools – including gamification, social media-based interactions, and progress tracking provide fast and engaging empowerment.

Social Collaboration
Social learning forums allows users to get guidance and exchange ideas, skills, and best practices with SAP Experts and their peers.

Expert Access
Expert-led sessions and collaboration give users a direct channel to proven and relevant advice, best practices, business insight, and technology know-how.

Benefits of Utilizing SAP Learning Hub
- All value maps, one platform
- Learning new skills 24x7
- Embrace innovation adoption and digital transformation
- Individualized, prescriptive learning journeys
- Interactive social support
- Record of learning accomplishments
The SAP S/4HANA On Premise value map will help you to adopt and run SAP S/4HANA On Premise scenarios, guiding you from the discovery stages of this journey to the planning, implementation, and run phases of your project.
SAP Enterprise Support Value Map for SAP S/4HANA On Premise

Benefits

- Learn how to create your own product map, build your own business case based on your own system data, and plan your own digital transformation journey with SAP tools, products, and services
- Discover the business value of SAP HANA and SAP S/4HANA and learn about new innovations
- Understand how to leverage SAP Activate framework and SAP Best Practices to implement a successful SAP S/4HANA project
- Understand how to perform an SAP S/4HANA migration by New Implementation, System Conversion, or Landscape Transformation
- Have a comprehensive overview of the required prerequisites for the system conversion, the potential risks, and main effort drivers.
- Prepare your SAP S/4HANA implementation by preparing business processes and custom code, and by managing data volume
- Support the migration of your database to SAP HANA
- Learn how to operate and monitor your SAP HANA database
- Learn about SAP Fiori implementation
- Leverage Continuous Quality Check services to ensure a smooth Go-live
A **learning program** will guide you through a set of expertly chosen SAP Enterprise Support offerings, assets, and tools in a sequential and interactive format to empower you to achieve the defined outcome.
