PUBLIC

SAP Preferred Success – Solution Coverage

SAP Preferred Success helps fast track and drive value through a proactive partnership, insight-driven recommendations, release guidance, targeted learning programs, and service-level agreements (SLA) for enhanced support.

The expanded editions of SAP Preferred Success include the established elements of the base offering, extended access to expert knowledge, enhanced services, prescriptive solution reviews, and feature adoption assistance. These editions help your business quickly get to the cloud and continually use your solutions as efficiently as possible.
