View Legal Change Notes

- All relevant SAP Legal Change Notes are shown at a glance.
- **The list can be filtered** by country, component, category, priority, release date, and systems that you recently used or marked as favorites.
- Unread items are highlighted using bold font.
- The list is **sorted by release date**, with the newest SAP Legal Change Note at the top.
- The list can be **exported to a local CSV** (comma separated values) file.
- Click on a SAP Note from the list to display it. **Support pack information** is displayed in the note.
- In the note display the back arrow returns the user to the list of notes matching their criteria.
- In the note display **add or remove** a note as a favorite by clicking on the star icon.
- Click on the **send to** icon to see the options.
